4. DEVELOPMENT OF THE PROPERTY

4.1. Improvements. Development of the Property may occur in phases (each a “Phase”) as set forth in the Concept Plan. Development will consist of (i) the Private Improvements, which shall consist of the commercial uses more particularly described in the Concept Plan, and (ii) the Public Improvements on the Property (collectively, the “Improvements”). Development shall take place as depicted on the Concept Plan, as updated and completed by agreement of the Parties, and as contemplated in any development plan approved as provided in this Agreement (each a “Development Plan”), and the provisions of this Agreement, as applicable.

4.2. Developer Responsibility. Developer shall construct on the Property the Improvements required to carry out the Concept Plan as it applies to the Property. Subject to the terms and conditions of this Agreement, the Developer agrees to finance and to construct, or cause to be constructed, all Improvements necessary to develop the Property in accordance with the Concept Plan and the Schedule of Performance. All construction required of the Parties by this Agreement shall be undertaken and completed in accordance with all applicable laws and regulations, including City codes and ordinances, and the Urban Renewal Plan and shall be performed in accordance with and subject to the terms and conditions of this Agreement.

4.3. PILOT Agreement. The Authority, at its option, may require the Developer and/or its Affiliates to record an agreement for payment in lieu of taxes on the title of all or any portion of the Property, as directed by the Authority, in form and substance reasonably satisfactory to the Authority and, if applicable, a bond underwriter or bond counsel. Such agreement will run with the land and be binding on successors and assigns until such time as may be prescribed in such instrument.

5. PREPARATION OF THE PROJECT FOR DEVELOPMENT

5.1. Zoning. Because the Property is already zoned to allow the Project, the Authority is not requiring the Developer to rezone the Property, but the Developer agrees to comply with all applicable City codes, ordinances and planning requirements with regard to development of the

Property and construction of the Improvements, including if required by the City, to rezone part of the Property.

5.2. Public Improvements. The Developer shall design and construct or cause the designing and construction of the Public Improvements for the Property within a reasonable period of time as established in the Schedule of Performance. The Developer shall construct, in the public right-of-way and/or easements, all mains and lines necessary for the Public Improvements and necessary to provide water, sanitary sewer, storm sewer, natural gas and electricity for the Improvements. The construction and installation of such utilities shall conform with the requirements of all applicable laws and ordinances. The Developer shall also be responsible for the relocation, design and construction of all new public streets, utilities, sidewalks, alleys, costs incurred in connection with Taxing Entity Agreements, excavation for and design and construction of parking facilities, landscaping and street lighting within the public right-of-way shown in the Concept Plan, as it may be refined and updated. The Developer shall be responsible for the design, construction and cost, if any, of utility and service lines necessary for the construction of the Public Improvements within the Property, tap connection fees and other City requirements, including the cost of extending such utility lines from the Public Improvements to the mains in the public right-of-way. The Developer shall be responsible for construction of improvements to existing facilities or improvements and construction of new facilities or improvements on locations outside the boundaries of the Property as may be required by agreement between the Developer and applicable governmental authorities.

5.3. Access to Property. At all reasonable times, either Party shall permit representatives of the other to have access to any part of the Property for the purpose of obtaining data, engineering studies, and/or carrying out or determining compliance with this Agreement, the Urban Renewal Plan or any City code or ordinance, including, but not limited to, inspection of any work required to construct the Improvements on the Property. Any such access or inspection shall not interfere with the use of the Property or any construction on the Property. No compensation shall be payable to the Parties nor shall any charge be made in any form by any Party for the access provided in this section. A Party entering upon the Property pursuant to this section shall restore such Property to its condition prior to any tests or inspections made by such Party and shall indemnify and hold harmless the Party owning such Property for any loss or damage or claim for loss or damage (including reasonable legal fees) resulting from any such entrance, tests or surveys (but this indemnity shall not apply to conditions existing on such Property at the time of such entry, even where such condition was discovered by virtue of the entry).

5.4. Replat and Dedications. The Authority is not requiring the Developer to replat or resubdivide the Property, but the Developer agrees to comply with all applicable City codes, ordinances and planning requirements with regard to development of the Property and construction of the Public Improvements, including if required by the City, to replat or resubdivide part of the Property. The Developer shall dedicate, as appropriate, such utility and drainage easements required to properly carry out and maintain the Public Improvements.

5.5. Antidiscrimination. The Developer, for itself and its successors and assigns, agrees that in the construction of and in the use and occupancy of the Property, the Developer will not discriminate against any employee or applicant for employment because of race, color, creed, gender, religion, sexual orientation, disability, marital status, ancestry or national origin.

5.6. Signage. Upon Commencement of Construction, and until Completion of Construction, the Developer shall display temporary signage at the Property approved by the Authority and relating to the Authority's participation in the redevelopment of the Property. Such signage shall be connected to the primary signage identifying the redevelopment and visible to the general public. The Authority will submit a logo or other artwork to be incorporated into the approved signage at the Developer's expense. Developer will maintain the approved signage at the Developer's sole expense and promptly repair or replace damaged, missing or stolen signage.

6. TAXING ENTITY AGREEMENTS

6.1. Taxing Entity Agreements. The Authority has entered into the Taxing Entity Agreements with each of the Taxing Entities pursuant to C.R.S. § 31-25-107(9.5). Pursuant to the Taxing Entity Agreements, each of the Taxing Entities has agreed to allocate some or all of its portion of the Property Tax TIF to the Authority pursuant to the Urban Renewal Plan in support of Developer's project. The Authority shall establish separate accounts for and make all payments of TIF Revenue, but not Available Revenues, required to be made to Taxing Entities pursuant to the Taxing Entity Agreements. Developer has reviewed each of the Taxing Entity Agreements and agrees to take no action that would be inconsistent with any of the Taxing Entity Agreements or would cause the Authority to be in breach of any of the Taxing Entity Agreements.

7. PROJECT FINANCING

7.1. Developer's Financing. In accordance with the Schedule of Performance, the Developer will obtain and submit to the Authority for approval, evidence, in a form and substance acceptable to the Authority, of the debt and equity financing necessary to carry out the Concept Plan and any Development Plan, including the Completion of Construction of the Improvements (the "Developer's Financing"). The Developer shall obtain the Authority's prior written consent to such Developer's Financing, which consent shall not be unreasonably withheld, conditioned, or delayed.

7.2. Payment Requests. The Developer shall submit payment requests in accordance with the following procedure. Reimbursable Project Costs may include, without limitation, reasonable and customary expenditures, including Soft Costs, for design and construction of the Public Improvements, demolition, site clearance, streets, sidewalks, curb, gutters, landscape, drainage improvements and amenities, parks, land assembly, site grading, and similar costs authorized under the Act and listed on Exhibit B. Any payment request shall indicate the applicable portion of the Reimbursable Project Costs for the Public Improvements completed and to be reimbursed by the Authority and such other information as the Authority may from time to time reasonably require, including, but not limited to evidence satisfactory to the Authority of the proper application of past disbursements and evidence substantiating any and all of the Reimbursable Project Costs indicated in such notice. The payment request shall further include a certification by an engineering professional engaged by the Authority at the Developer's expense that all Reimbursable Project Costs were actually incurred and not previously reimbursed to the Developer pursuant to a payment request and that the Improvements made or the costs incurred therewith were constructed or incurred in compliance with applicable laws, ordinances and regulations, this Agreement and the Urban Renewal Plan. Prior to payment, the Authority has the

right to require adequate documentation of expenditures from the Developer to include lien releases from contractors completing the work and included on the payment request. The Authority agrees to promptly review such payment requests that comply with the requirements of this Section 7.2. The Developer agrees to promptly provide any additional documentation as may be reasonably requested by the Authority relating to any payment requests. Upon approval the amounts approved for payment shall be payable from the Developer's Account in accordance with Section 7.8. Such approval shall be deemed a full and final accounting for the Reimbursable Project Costs submitted within such payment request.

7.3. Authority Financing. The sole financing provided by the Authority for the redevelopment of the Property shall be the reimbursement of actual Reimbursable Project Costs from the Available Revenues.

7.4. Appointment of Trustee or Escrow Agent. Authority may, from time to time, designate one or more trustees or escrow agents to act as its collection and disbursing agent for the Available Revenues.

7.5. Authority's Reimbursement Obligation. Subject to the provisions of Section 7.13 below, the Authority's payment obligation to the Developer under this Agreement shall be limited to the aggregate amount of Available Revenues actually received and legally available for such purpose, up to but not to exceed \$1,800,000 (the "Authority's Reimbursement Obligation"), which Available Revenues the Authority shall take all commercially reasonable steps to calculate, review, and collect each year, including enforcement of available remedies in connection therewith as described in this Section 7.5. If, after exhaustion of such remedies, there are insufficient Available Revenues to pay the Authority's Reimbursement Obligation in any one year, those certified, approved but unpaid Reimbursable Project Costs shall accrue and payment shall be made to the Developer when and as such Available Revenues are available to pay such unpaid Reimbursable Project Costs, without interest, provided that interest payable pursuant to Developer's Financing approved in accordance with this Agreement shall be a Reimbursable Project Cost. Nothing in this Agreement shall be construed to require the Authority to make any payments to the Developer on a periodic and aggregate basis, in excess of such amount, or, in the aggregate, in excess of the Available Revenues described in this Agreement. The Authority's Reimbursement Obligation hereunder shall terminate on the first to occur of (a) payment in full of the Authority's Reimbursement Obligation or (b) the right of the Developer to receive the Available Revenues under the Act or any revenues legally available as a payment obligation in lieu of or as replacement of such Available Revenues. The Developer acknowledges that the generation of Available Revenues is totally dependent upon the production and collection of Available Revenues from the Area in accordance with the Act, and agrees that the Authority is in no way responsible for the amount of Available Revenues actually generated; provided, however, the Authority shall be responsible for monitoring and working with the City, the County and the El Paso County Assessor to correct mistakes in calculating Available Revenues and payment of the Authority's Reimbursement Obligation available each year and to comply with reasonable requirements and covenants in connection with the Developer's Financing. The Parties acknowledge that the right to amend or modify the Urban Renewal Plan is the legal right and responsibility of the City, but the Authority shall not request, support, suffer or recommend such an amendment or modification be made unless the Authority shall have received an opinion of qualified bond counsel to the effect that such amendment or modification would not (a) result in a

failure of the Urban Renewal Plan, as so amended or modified, to comply with the requirements of this Agreement, (b) result in an Event of Default by the Authority under this Agreement, or (c) adversely and materially affect the Available Revenues and the Authority's Reimbursement Obligation. To the extent permitted by law, the Authority covenants and agrees to preserve and protect the Available Revenues and the rights of the Developer and any approved successors in interest of the right to receive payment of the Available Revenues, and to defend such rights with respect to receipt of the Available Revenues under and against all claims and demands of third parties not authorized to receive such Available Revenues in accordance with this Agreement and the Act as in effect on the date of this Agreement. The Authority covenants and agrees to take no action which would result in Available Revenues required to be paid hereunder to be withheld from the Developer or any authorized bond trustee. Subject to the foregoing the Developer therefore agrees to assume the risk that insufficient Available Revenues will be generated to reimburse all Reimbursable Project Costs. The Authority's Reimbursement Obligation under this section will commence upon approval of a payment request pursuant to Section 7.2.

7.6. Cooperation Regarding Financing. The Parties agree to cooperate with one another in obtaining the Developer's Financing by providing one another with such information, certifications, assurances, opinions and by amending or modifying agreements, including this Agreement, as may be reasonably required in connection with such financing, provided, that neither Party shall be required to make amendments or modifications that substantially or materially change the rights or obligations of the Parties under this Agreement.

7.7. Intentionally Omitted.

7.8. Special Fund; Developer's Account. In accordance with the provisions of this Agreement and the Act, except as otherwise provided in this Agreement, the Authority agrees to establish and make deposits of all tax increment revenue it receives pursuant to the Urban Renewal Plan and the Taxing Entity Agreements, including the Available Revenues, into the special fund as provided in the Act (the "Special Fund"). In addition, the Authority shall establish an account (the "Developer's Account") and shall segregate and pay into the Developer's Account all of the Available Revenues described in this Agreement, when and as received by the Authority. The Developer's Account shall be applied to payments in accordance with this Agreement and the Taxing Entity Agreements, and shall be used for no other purpose. Unless the Parties otherwise agree in writing, all Available Revenues in the Developer's Account shall be paid to the Developer on or before the last day of each month up to the full amount of any and all amounts due and owing on any payment requests certified and approved in accordance with Section 7.2.

7.9. Pledge of TIF Revenue. If required in connection with Developer's Financing, the Authority will by a separate instrument irrevocably pledge to pay the Available Revenues to in support of the Developer's Financing, or to a trustee if so directed pursuant to such separate instrument; provided, however, that the Authority shall not be required to pledge Available Revenues from any portion of the Property that is not then owned or controlled by the Developer. From and after such pledge, the Available Revenues, when and as received by the Authority shall be subject to the lien of such pledge without any physical delivery, filing, or further act. The Authority shall transfer the amounts in the Developer's Account as specified in Section 7.8 or as required by Developer's Financing. The Authority shall keep, maintain, and apply the Available Revenues as required to pay the Authority's Reimbursement Obligation. The Authority's

Reimbursement Obligation established by this Agreement is and shall be an obligation of the Authority pursuant to Section 31-25-107(9), C.R.S. The Authority has elected to apply the provisions of Section 11-57-208, C.R.S., to this Agreement. Creation, perfection, enforcement and priority of the pledge of the Available Revenues as provided herein, shall be governed by Section 11-57-208, C.R.S. and this Agreement. From and after the pledge described herein, the lien of such pledge on the Available Revenues and the obligation to perform the contractual provisions made herein shall have priority over any of all other obligations and liabilities of the Authority with respect to the Available Revenues.

7.10. Books and Accounts; Financial Statements. The Authority will keep proper and current itemized records, books, and accounts in which complete and accurate entries shall be made of the receipt and use of all amounts of Available Revenues and such other calculations required by this Agreement, the Developer's Financing and any applicable law or regulation. The Authority shall prepare after the close of each fiscal year, a complete financial statement prepared in accordance with generally accepted accounting principles accepted in the United States of America for such year in reasonable detail covering the above information, by a certified public accountant, and shall furnish a copy of such statement to the Developer within 270 days after the close of each fiscal year of the Authority.

7.11. Inspection of Records. All records (except those allowed or required by applicable law to be kept confidential) in the possession of the Authority relating to this Agreement, including, without limitation, those relating to the Available Revenues, the Public Improvements and the Special Fund shall at all reasonable times be open to inspection by such accountants or other agents as the respective Parties may from time to time designate.

7.12. No Impairment. The Authority shall not enter into any agreement or transaction that impairs the rights of the Parties under this Agreement, including, without limitation, the right to receive and apply any revenue to the Authority's Reimbursement Obligation described in this Agreement.

7.13. Authority Administrative Fee; Retainer. Commencing in the calendar year 2022 and continuing through calendar year 2046, an administrative fee (the "Authority Administrative Fee") in the annual amount of \$45,000 of the total annual TIF Revenue shall be retained and collected annually by the Authority from the total TIF Revenue initially deposited in the Special Fund, the proceeds of which shall be used, among other things, to defray the Authority's costs of administering the Urban Renewal Plan, including, but not limited to, overhead, administration, accounting and reporting of the collection and disbursement of TIF Revenues. Notwithstanding the foregoing, so long as no Event of Default exists and is continuing hereunder, the Authority agrees to defer annual retention of TIF Revenues for collection of the Authority Administrative Fee for the first fifteen (15) years of the Urban Renewal Plan (i.e., 2021 through 2035, which TIF Revenues for such years, if any, would be payable in arrears in the years 2022 through 2036), provided that the Authority Administrative Fee shall accrue for such period, together with interest thereon at an annual rate of five percent (5.0%) simple interest, and be collected by the Authority from the TIF Revenues in the final ten (10) years of the Urban Renewal Plan (i.e., 2036 through 2045, which TIF Revenues for such years, if any, would be payable in arrears in the years 2037 through 2046). In addition to the Authority Administrative Fee, Developer agrees to fund and maintain on retainer with the Authority an amount equal to \$15,000, to be used by the Authority

pay extraordinary direct expenses of the Authority relating to Developer's project, not included in the cost of issuance of Bonds or are outside the normal duties of the Authority in administering this Agreement, such extraordinary direct expenses include, but are not limited to, the costs associated with the engineer's certification of costs, any accounting costs in excess of \$3,000 associated with the certification of costs, legal and accounting costs related to any future financing of project costs, legal costs associated with defending the Authority's ability to collect the Available Revenue, legal costs associated with defending the terms of this Agreement, and any other costs incurred that are not outlined by this Agreement (plus 15%). If the Authority applies any funds from such retainer, the Authority will provide an invoice to Developer showing the funds applied and the applicable costs, and Developer agrees to replenish the funds in the retainer account to the initial amount within ten (10) days thereafter. In the event that the Developer fails to replenish the retainer or pay any other amount advanced by the Authority and reimbursable by the Developer under this Agreement, the Authority may apply interest to such amount at a rate equal to the greater of (i) Wall Street Journal Prime plus two percent or (ii) eight percent (8.0%) per annum. The Authority may further offset any such obligation against Available Revenues as available.

8. PLAN REVIEW PROCEDURE

The Developer will submit its Development Plans, design standards, the construction documents, and the uses it proposes for the redevelopment of the Property (collectively, the "Plans and Specifications") for each Phase or component thereof, which shall conform to the Concept Plan and the approvals by the City, as applicable. The Authority shall review and approve the Plans and Specifications and no further approval by the Authority shall be required except for any substantial change in the Plans and Specifications. The Authority shall submit its comments to Developer within thirty (30) days after receipt of said Plans and Specifications by the Authority. If the Authority rejects Plans and Specifications in whole or in part, it shall deliver its rejection to the Developer in writing, specifying the reasons for rejection. The Developer shall submit new or corrected Plans and Specifications for each Phase, or portion thereof, that conforms to the requirements of this Agreement. The construction of the Improvements shall substantially conform to the Plans and Specifications as approved by the Authority. If the Developer desires to make any substantial changes in the Plans and Specifications for each Phase, or portion thereof, after their approval, the Developer shall submit the proposed changes to the Authority for approval, which approval shall not be unreasonably withheld, conditioned, or delayed. Approvals or rejections of Plans and Specifications or proposed changes shall be made by the Authority as provided herein and should approval or rejection not be timely made, then it shall be deemed that Approval has been given.

During the period of construction of each Phase of the redevelopment of the Property, the Developer shall provide quarterly to the Authority an updated construction budget with a schedule of values in form and substance reasonably acceptable to the Authority.

The Developer shall provide to the Authority a quarterly report reflecting number of leases signed and data regarding occupancy of the Project.

9. CONSTRUCTION OF IMPROVEMENTS

9.1. Agreement to Commence and Complete Construction. The Parties agree that the Developer has commenced and completed studies and proposed designs in preliminary form required for design and construction of the Public Improvements and has otherwise incurred Reimbursable Project Costs in support of the Urban Renewal Plan prior to the date hereof. Developer agrees to submit evidence of such Reimbursable Project Costs incurred prior to the date hereof to the Authority within thirty (30) days of the date of this Agreement for approval by the Authority in accordance with Section 7.2. The Developer shall promptly commence and diligently prosecute to completion, or cause to be promptly continued and diligently prosecuted to completion, the design and construction of the Improvements described in the applicable plans and specifications in accordance with the Concept Plan and Schedule of Performance. The Developer shall use its reasonable best efforts to commence and complete construction of the Improvements on the Property for all Phases of the redevelopment thereof (or portion thereof as approved by the Authority). For purposes of this Agreement, (i) “Commence Construction” or “Commencement of Construction” means the visible commencement by the Developer of actual physical construction and operations on the Property for the erection of any of the Improvements, including, without limitation, obtaining all required permits and licenses and installation of a permanent required construction element, such as a caisson, footing, foundation or wall; and (ii) “Complete Construction” or “Completion of Construction” means (A) for the Private Improvements, the issuance of a Certificate of Occupancy by the City so that the Private Improvements described in such certificate may open for permanent operations, and (b) for the Public Improvements, construction acceptance in accordance with applicable laws, ordinances and regulations of the City and any other governmental entity or public utility with jurisdiction, subject to any applicable conditions of maintenance and warranty.

9.2. Progress Reports. Until Completion of Construction of the Improvements, the Developer shall make quarterly reports, in such detail and at such times as may reasonably be requested by the Authority, as to its actual progress with respect to construction of the Improvements.

9.3. Insurance Prior to Completion of Construction. At all times while the Developer is engaged in preliminary work on the Property, and until Completion of Construction, the Developer shall maintain or cause to be maintained, and upon request, shall provide the Authority with proof of payment of premiums and certificates of insurance as follows:

(a) Builder’s risk insurance (with a deductible in an amount comparable to the deductibles carried by the Developer on builder’s risk insurance policies for similar projects) in an amount equal to 100% of the replacement value of the Improvements at the date of Completion of Construction.

(b) Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors completed operations and contractual liability insurance) and umbrella liability insurance with a combined single limit for both bodily injury and property damage of not less than \$2,000,000. Such insurance may carry a deductible in an amount comparable to deductibles carried by the Developer on liability insurance policies for similar projects.

(c) Worker's compensation insurance, with statutory coverage, including the amount of deductible permitted by statute.

(d) The policies of insurance required under subparagraphs (a) through (c) above shall be reasonably satisfactory to the Authority, placed with financially sound and reputable insurers.

9.4. Insurance after Completion of Construction. From the Completion of Construction of the Improvements and throughout the Duration, the Developer shall maintain or cause to be maintained, and upon request of the Authority shall furnish proof of the payment of the premiums on, insurance against loss and/or damage to the Improvements covering such risks as are ordinarily insured against by similar businesses, including (without limitation) fire, extended coverage, vandalism and malicious mischief, boiler explosion, water damage, and collapse in an amount not less than full insurable replacement value of the Improvements (determined by the Developer with the carrier on an "agreed-amount" basis); provided, such policy may have a deductible in an amount comparable to deductibles carried by the Developer on such insurance policies for similar projects. All such insurance policies shall be issued by responsible companies selected by the Developer. The Developer will deposit annually with the Authority copies of policies or certificates evidencing or stating that such insurance is in force and effect. Notwithstanding the foregoing, any default under any provision of Article 9 shall not impair in any manner the irrevocable pledge of revenues under this Agreement, including, without limitation, the provisions of Section 7.9, above.

9.5. Repair or Reconstruction of Improvements. The Developer shall immediately notify the Authority of any damage to the Improvements exceeding \$100,000. If the Improvements are damaged or destroyed by fire or other casualty prior to the issuance of a Certificate of Completion, the Developer, within one hundred twenty (120) days after such damage or destruction, shall proceed forthwith to repair, reconstruct and restore the damaged Improvements to substantially the same condition or value as existed prior to the damage or destruction, and the Developer will apply the proceeds of any insurance relating to such damage or destruction to the payment or reimbursement of the costs of such repair, reconstruction and restoration (unless other terms and disposition are agreed to between the Developer and the Authority).

9.6. Delivery of Financial Information. Developer agrees to provide to the Authority copies of the annual financial statements of the Developer, audited, if available, and prepared in accordance with generally accepted accounting principles and relating to the redevelopment of the Property as such financial statements become available, but in all events, within one hundred twenty (120) days after the end of each of Developer's fiscal years prior to Completion of Construction. The Authority agrees to keep such information confidential and to the extent legally permissible, to treat it as proprietary commercial and financial information, not subject to disclosure under any applicable law. In the event that the Authority is compelled, by a Court of competent jurisdiction to disclose such information, it shall provide prompt notice to the Developer and provide reasonable assistance, at Developer's expense, including the Authority's reasonable attorney fees, to the Developer in seeking a protection order.

9.7. Delivery of Ownership Information. Developer agrees to provide to the Authority the name and address of all controlling shareholders, controlling members or general partners, as applicable, of the Developer or Affiliates. This information shall be provided to the Authority within ten (10) days from the date of the signing of this Agreement or any transfer to an Affiliate authorized by Section 12.2(b).

9.8. Maintenance of Improvements. The Developer shall maintain, repair and replace, as necessary, or cause to be maintained, repaired or replaced, at the Developer's sole expense, the Improvements for the duration of the Urban Renewal Plan. In the event that the Developer fails to fulfill this covenant, the Authority, after written notice and opportunity to cure as provided in Section 13 below, may, but shall not be obligated to, enter the Property and maintain, repair or replace the Improvements and charge the expense to the Developer, jointly and severally, provided that in the event of an emergency no prior notice shall be required. The Developer shall pay such charges within fifteen (15) days of submittal of an invoice with supporting documentation by the Authority.

10. CERTIFICATE OF COMPLETION

10.1. Completion of Construction of Improvements. Not later than thirty days after Completion of Construction of Improvements (or portion thereof), upon written request by the Developer, the Authority will furnish the Developer with a Certificate of Completion in the form attached as Exhibit D ("Certificate of Completion"). Such Certificate of Completion for all improvements shall be a conclusive satisfaction and termination of the agreements and covenants in this Agreement obligating the Developer to construct the particular Improvements and the dates for the beginning and completing such construction.

10.2. Recordation and Notice. Each Certificate of Completion shall be in such form as will enable it to be recorded. If the Authority refuses or fails to provide any such certification within thirty (30) days after written request for such by the Developer, the Authority shall, within such thirty (30) day period, provide the Developer with a written statement specifying in what respect the Developer has not achieved Completion of Construction or is otherwise in Default (as defined below), and what measures or acts will be necessary, in the reasonable opinion of the Authority, for the Developer to take or perform in order to obtain such certification. Approval or delivery of a Certificate of Completion shall not be unreasonably withheld.

11. REPRESENTATIONS AND WARRANTIES

11.1. Representations and Warranties by the Authority. The Authority represents and warrants that:

(a) The Authority is an urban renewal authority duly organized and existing under the Act. Under the provisions of the Act, the Authority has the power to enter into this Agreement and carry out its obligations hereunder.

(b) The activities of the Authority in the redevelopment of the Property are undertaken for the purpose of eliminating and preventing the development or spread of blight.

(c) The Urban Renewal Plan has been validly adopted in accordance with the Act and is in full force and effect and has not been repealed.

(d) The Authority knows of no litigation or threatened litigation, proceeding or investigation contesting the powers of the Authority or its officials with respect to the redevelopment of the Property, this Agreement or the Public Improvements.

11.2. Representations and Warranties by the Developer. Each of the Developer and the Owner represents and warrants that:

(a) It is a duly organized and validly existing limited liability company under the laws of the State of Kansas in good standing under the laws of Kansas, and has qualified to conduct business in the State of Colorado, has the power to enter into this Agreement and has duly authorized the execution, delivery and performance of this Agreement.

(b) The consummation of the transactions contemplated by this Agreement and the performance of its obligations hereunder will not violate any provisions of the governing documents of it or constitute a default or result in the breach of any term or provision of any contract or agreement to which it is a party so as to adversely affect the consummation of such transactions.

(c) It knows of no litigation or threatened litigation, proceeding or investigation contesting the powers of the Authority, the Developer or the Owner with respect to the Property, this Agreement, Developer's Financing or the Improvements.

12. RESTRICTIONS ON ASSIGNMENT AND TRANSFER

12.1. Representations as to Development. Each of the Developer and the Owner represents and agrees that its undertakings under this Agreement are for the purpose of development of the Property. Each of the Developer and the Owner further represents and agrees that;

(a) the development of the Property is important to the general welfare of the Authority and the City;

(b) upon approval of Reimbursable Project Costs, the Available Revenues will be expended to make such development possible; and

(c) the qualifications and identity of the Developer and the Owner and its respective principals are of particular concern to the Authority. Each of the Developer and the Owner recognizes that it is because of such qualifications and identity that the Authority is entering into this Agreement with the Developer and the Owner, and is willing to accept and rely on the obligations of the Developer and the Owner for the faithful performance of all of its undertakings and covenants under this Agreement.

12.2. Restrictions against Transfer of Agreement. Each of the Developer and the Owner further covenants and agrees that:

(a) Except for (i) transfer to an Affiliate, for which consent shall not be required provided that the conditions set forth in subsection (b) are satisfied, or (ii) as security for obtaining the Developer's Financing so long as the same is approved in accordance with the terms of this Agreement, neither Developer nor Owner will make, create, or suffer to be made or created, any total or partial sale or transfer in any form of this Agreement, the Property or any part thereof or any interest therein or any agreement to do the same, without prior written approval of the Authority; provided, however, that Developer, the Owner or its respective Affiliates may lease units in the Project in the ordinary course of business. Such approval shall not be unreasonably withheld, conditioned, or delayed. For the purposes of this Agreement, transfer shall also include transfer of a majority of the ownership or voting interests in the Developer or the Owner.

(b) The Authority shall be entitled to require satisfaction of the following provisions (i) – (iv) as conditions to approval of any transfer, provided that, in the event of a transfer to an Affiliate, the Developer or the Owner, as applicable, shall submit ownership information to the Authority thirty days prior to the effective date of such transfer showing that the Developer or the Owner, as applicable, or its manager serves as manager or general partner or otherwise is in control, directly or indirectly, of such Affiliate and the Affiliate shall satisfy (i) and (ii) of the following provisions:

(i) Any proposed transferee shall have the qualifications and financial responsibility, as reasonably determined by the Authority, necessary to fulfill the obligations of the Developer or the Owner, as applicable, under this Agreement (or, if the transfer is of or related to part of the obligations under this Agreement, such obligations to the extent that they relate to such part).

(ii) Any proposed transferee, by instrument in writing satisfactory to the Authority, shall assume all of the obligations of the Developer or the Owner, as applicable, under this Agreement and agree to be subject to the conditions and restrictions to which the Developer or the Owner, as applicable, is subject (or, if the transfer is part of the Agreement or Property, such obligations, conditions and restrictions as they apply to such part) or such different obligations approved by the Authority. The fact that any such transferee or successor has not assumed such obligations or so agreed shall not relieve such transferee or successor from such obligations, conditions or restrictions, or limit any rights or remedies of the Authority with respect to the Agreement or the construction of the Improvements. No transfer of ownership in all or any part of the Agreement or the Property, or any interest therein, however occurring and whether voluntary or involuntary, shall limit the Authority's rights, remedies or controls provided in this Agreement.

(iii) The Developer or the Owner, as applicable, shall submit to the Authority for review all instruments and other legal documents involved in effecting transfers; and, unless the Authority gives notice of disapproval of a transfer within thirty (30) days after such Party's submittal, such transfer shall be deemed approved by the Authority.

(iv) The Developer or the Owner, as applicable, and its transferee shall comply with such other reasonable conditions as the Authority may reasonably require to safeguard the purposes of the Act and the Urban Renewal Plan. Unless the Authority otherwise agrees in writing, upon the written approval of the Authority of a transfer of all or part or any interest in the Property, this Agreement, the Developer or the Owner, the Developer, the Owner or any other party bound by this Agreement shall not be relieved of its obligations under this Agreement to the extent of such transfer or the interest in the Property, Agreement, Developer or Owner included in such transfer.

12.3. Information as to Interest Holders. Developer and Owner will promptly notify the Authority of any and all changes in the ownership of interests, legal or beneficial, or of any other transaction resulting in any change in the ownership of such interests or in the relative distribution thereof, or with respect to the identity of the parties in control of the Developer or the Owner, as applicable, or the degree thereof, of which it or any of its parties have been notified or otherwise have knowledge or information. The Developer and the Owner shall furnish to the Authority a copy of any amendments to its articles of organization required to be filed with appropriate authorities in Colorado or Kansas.

13. EVENTS OF DEFAULT; REMEDIES

13.1. Events of Default by Developer. “Default” or an “Event of Default” by Developer or the Owner under this Agreement shall mean one or more of the following events:

- (a) the Developer or the Owner, as applicable, in violation of this Agreement, assigns or attempts to assign or transfer this Agreement or control of the Property, or any rights in either;
- (b) there is any change in the ownership of the Developer or the Owner or in the identity of the parties in control of the Developer or the Owner that violates this Agreement;
- (c) subject to the grace period described in Section 13.3, Developer fails to provide the evidence of Developer’s Financing as required;
- (d) subject to the grace period described in Section 13.3, Developer fails to commence, diligently pursue and complete construction of the Improvements for each Phase of the redevelopment of the Property as required;
- (e) a holder of a mortgage or deed of trust exercises any remedy provided by loan documents, law or equity that materially interferes with the construction of the Improvements; or
- (f) subject to the grace period described in Section 13.3, Developer fails to observe or perform any material and substantial covenant, obligation or agreement required of it under this Agreement or to make good faith efforts to obtain Developer’s Financing.

13.2. Events of Default by the Authority. “Default” or an “Event of Default” by the Authority under this Agreement shall mean, subject to the grace period described in Section 13.3, the Authority fails to observe or perform any material and substantial covenant, obligation or agreement required of it under this Agreement.

13.3. Grace Periods. Upon the occurrence of a Default or an Event of Default by either Party which is subject to the grace period described in this section, such Party shall, upon written notice from the other Party, proceed immediately to cure or remedy such Default and, in any event, such Default shall be cured within thirty (30) days (ninety (90) days if the Default relates solely to the date for Completion of Construction of Improvements) after receipt of such notice, or such cure shall be commenced and diligently pursued to completion within a reasonable time, not to exceed sixty (60) days, if curing cannot be reasonably accomplished within thirty (30) days (or ninety (90) days if the Default relates solely to the date for Completion of Construction of Improvements).

13.4. Remedies on Default. Whenever any Default or Event of Default occurs and, if applicable, is not cured under Section 13.3 of this Agreement, the non-defaulting Party may take any one or more of the following:

(a) Except as otherwise provided in this Agreement, suspend performance under this Agreement until it receives assurances from the defaulting Party, deemed adequate by the non-defaulting Party, that the defaulting Party will cure its Default and continue its performance under this Agreement, except that the Authority may not withhold payment of the Available Revenues as a remedy to the extent the same have been pledged to Developer’s Financing;

(b) Prior to Commencement of Construction by the Developer, terminate this Agreement as to any portion of the Property where Commencement of Construction has not occurred;

(c) in the case of the Authority, withhold the Certificate of Completion; or

(d) take whatever legal or administrative action or institute such proceedings as may be necessary or desirable in its opinion to enforce observance or performance, including, but not limited to, specific performance or to seek any other right or remedy at law or in equity, including damages.

13.5. Delays/Waivers. Except as otherwise expressly provided in this Agreement, any delay by either Party in asserting any right or remedy under this Agreement shall not operate as a waiver of any such right or deprive it of or limit such rights in any way; nor shall any waiver in fact made by such Party with respect to any default by the other Party under this Agreement be considered as a waiver of rights with respect to any other Default by the other Party under this Agreement or with respect to the particular Default except to the extent specifically waived in writing. It is the intent of the Parties that this provision will enable each Party to avoid the risk of being limited in the exercise of any right or remedy provided in this Agreement by waiver, laches or otherwise at a time when it may still hope to resolve the problems created by the Default involved.

13.6. Enforced Delay in Performance for Causes Beyond Control of Party. Neither the Authority nor the Developer, as the case may be, shall be considered in Default of its obligations under this Agreement in the event of enforced delay due to causes beyond its control and without its fault or negligence, including, but not restricted to, acts of God, acts of the public enemy, acts of the Federal, State or local government, acts of the other Party, acts of third parties (including the effect of any litigation or petitions for initiative and referendum), acts or orders of courts, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors or materialmen due to such causes. In the event of the occurrence of any such enforced delay, the time or times for performance of the obligations of the Party claiming delay shall be extended for a period of the enforced delay; provided that the Party seeking the benefit of the provisions of this section shall, within fourteen (14) days after such Party knows of any such enforced delay, first notify the other Party of the specific delay in writing and claim the right to an extension for the period of the enforced delay. Delays due to general economic or market conditions shall not be considered a cause allowing a delay under this Section 13.6.

13.7. Effect of Termination. If this Agreement is terminated the covenants and obligations of this Agreement that survive such termination shall remain in full force and effect the Parties agree to execute such mutual releases or other instruments reasonably required to effectuate and give notice of such termination. If this Agreement is terminated, the Authority shall retain all TIF Revenues until all obligations of the Authority created pursuant to the Urban Renewal Plan are satisfied and apply those funds to such uses or expenses as the Authority deems appropriate.

13.8. Rights and Remedies Cumulative. The rights and remedies of the Parties to this Agreement are cumulative and the exercise by either Party of any one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other right or remedies for any other Default by the other Party.

14. INDEMNITY

14.1. General Indemnity. The Developer covenants and agrees, at its expense, to pay, and to indemnify, defend and hold harmless the Authority, and its board of commissioners, officers, agents, employees, engineers and attorneys (collectively, "Indemnified Parties" or singularly, each an "Indemnified Party") of, from and against, any and all claims, damages, demands, expenses (including reasonable attorneys' fees and court costs), and liabilities resulting directly or indirectly from the Developer's development, construction, repair, maintenance, management, leasing, sale, and any other conduct or activities with respect to the Property or the Improvements, unless such claims, damages, demands, expenses, or liabilities, arise solely by reason of the negligent act or omission of the Authority or other Indemnified Parties.

15. MISCELLANEOUS

15.1. Conflicts of Interest. None of the following shall have any interest, direct or indirect, in this Agreement: a member of the governing body of the Authority or of the City, an employee of the Authority or of the City who exercises responsibility concerning the Urban Renewal Plan, or an individual or firm retained by the City or the Authority who has performed consulting services in connection with the Urban Renewal Plan. None of the above persons or

15.6. Binding Effect. The Agreement shall be binding on the Parties hereto, and their successors and assigns.

15.7. Integrated Contract; Severability. This Agreement constitutes the entire agreement among the Parties and supersedes any prior agreement, written or oral. The invalidation of any of its provisions by judgment or court order shall in no way affect any of the other provisions, which shall remain in full force and effect.

15.8. Counterparts. This Agreement may be executed in counterparts, each of which shall constitute an original and all of which shall constitute but one and the same instrument.

15.9. Notices. 15.14. Amendments. This Agreement shall not be amended except by written instrument. Each amendment hereof, which is in writing and signed and delivered by the Parties hereto shall be effective to amend the provisions hereof, and no such amendment shall require the consent or approval of any other party.

15.15. Non-Liability of Certain Officials, Employees and Individuals. Except for willful and wanton actions, no City Council member, Authority Board member, official, attorney for the Authority or City Attorney, or employee of the Authority or the City shall be personally liable to the Developer for any Event of Default by the Authority or for any amount that may become due to the Developer under the terms of this Agreement. Nothing in this Section 15.15 or this Agreement is to be construed as a waiver of any limitations upon or immunity from suits against the City or the Authority, or City or Authority Board or Council members, officials, above-named agents or employees of the Authority or the City, as may be provided by law. Except for willful and wanton actions, no member or manager, shareholder, director, partner, officer, employee or attorney of the Developer shall be personally liable to the Authority for any amount that may become due to the Authority under the terms of this Agreement. 15.19. Severability. Any provision of this Agreement which is prohibited, unenforceable or not authorized in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of

such prohibition, unenforceability or nonauthorization without invalidating the remaining provisions hereof or affecting the validity, enforceability or legality of such provision in any other jurisdiction. In the event that any provision of this Agreement is declared void or unenforceable, such provision shall be deemed severed from this Agreement and this Agreement shall otherwise remain in full force and effect; provided that this Agreement shall retroactively be deemed reformed to the extent reasonably possible in such a manner so that the reformed Agreement (and any related agreements effective as of the same date) provide essentially the same rights and benefits (economic and otherwise) to the Parties as if such severance and reformation were not required.
