**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED DECEMBER 31, 2021**

As management of the Colorado Springs Urban Renewal Authority, we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2021.

**Financial Highlights**

- Liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$81,694,356 at the close of the fiscal year. This is primarily due to the Authority being responsible for the repayment of bonds issued for public improvements which have been conveyed to other entities and which costs have been removed from the Authority's financial records.
- As of the close of the current fiscal year, the Authority governmental funds reported combined ending fund balances of \$24,854,095.
- Total cash and investments decreased by \$5,724,155 as compared to the prior year, mainly resulting from the incremental sales tax received by the Authority dedicated to the City for Champions projects and requisitions paid from proceeds for the Canyon Creek and Vineyard project areas.
- Incremental property taxes decreased by \$448,851 as compared to the prior year with the majority related to the decreased in assessed valuation at North Nevada, Vineyard, and South Nevada project areas.
- Incremental sales taxes increased by \$4,351,278 as compared to the prior year with the majority related to the increased sales at North Nevada, Copper Ridge and City for Champions project areas.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$340,678, or 81% of total general fund expenditures.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of the three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-section business.

The statement of net position presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED DECEMBER 31, 2021**

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Authority are governmental funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Authority maintains eight major governmental funds and five nonmajor governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each of the major funds - General Fund, North Nevada Debt Service Fund, Ivywild Neighborhood Debt Service Fund, Canyon Creek Debt Service Fund, Vineyard Debt Service Fund, Gold Hill Mesa Capital Projects Fund, Copper Ridge Capital Projects Fund, City of Champions Capital Projects Funds (comprised of separate funds for the eight project elements: Administrative, U.S. Olympic Museum and Hall of Fame, CSEC Switchbacks Stadium, CSEC Hockey Arena, UCCS Sports Medicine and Performance, U.S. Air Force Academy Visitors Center, Southwest Infrastructure, Flexible Sub-Account) and the nonmajor funds – Vineyard Capital Projects Fund, City Auditorium Capital Projects Fund, City Gate Capital Projects Fund, Southwest Downtown Capital Projects Fund, and South Nevada Projects Fund.

The Authority adopts an annual budget for its general fund. A budgetary comparison statement has been provided for this fund in the basic financial statements to demonstrate compliance with this budget.

**Notes to financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Supplementary and other information.** The report includes individual fund schedules. Budgetary comparison schedules have been provided in this section for the debt service funds and the capital projects funds to demonstrate compliance with these budgets.

Total Net Position	\$ (81,694,356)	\$ (82,992,299)

As noted earlier, net position may serve as a useful indicator for the Authority's financial position. In the Authority's case, 2021 and 2020 ended with total assets valued at \$33,358,362 and \$40,745,040, respectively, with outstanding liabilities of \$112,234,047 and \$122,480,932, respectively. The Authority's assets consist primarily of cash and investments and current receivables.

Current assets decreased by \$7,386,678, mainly resulting from incremental sales tax received by the Authority dedicated to the City for Champions projects and requisitions paid from proceeds for the Canyon Creek and Vineyard project areas.

The Authority had public improvements which were constructed by other entities where the Authority is a contributing entity. The Authority is responsible for the repayment of bonds issued to construct these improvements. Consequently, a deficit balance is reflected on the Authority's statement of net position.

The Authority's net position increased by \$1,297,943 mainly due to the increase in incremental sales taxes, offsetting by the requisitions paid from proceeds for the Canyon Creek and Vineyard project areas and the principal reduction on the Authority's long-term debt.

**Financial Analysis of the Government's Funds**

As noted earlier, the Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED DECEMBER 31, 2021**

**Governmental funds.** The focus of the Authority's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Authority's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of \$24,854,095. Of this balance, \$5,294,891 is restricted for North Nevada debt service, \$179,154 is restricted for Canyon Creek debt service, \$20,232 is restricted for Vineyard debt service, \$18,358,374 is being restricted for the use of the specific Urban Renewal Plan project and Regional Tourism Act areas, \$300,000 is assigned by the Board for operating reserves, and \$340,678 constitutes the unassigned fund balance, which is available for spending at the government's discretion within the parameters established for the General Fund.

The General Fund is the operating fund of the Authority. At the end of the current fiscal year, unassigned fund balance of the general fund was \$340,678 out of a total fund balance of \$652,310.

The North Nevada Debt Service Fund has a total fund balance of \$5,294,891 all of which is restricted for the repayment of bond indebtedness.

The City Auditorium Capital Projects Fund has a total fund balance of \$98,948, all of which is restricted for the use of the specific Urban Renewal Plan.

The City Gate Capital Projects Fund has a total fund balance of \$54,668 all of which is restricted for the use of the specific Urban Renewal Plan.

The Southwest Downtown Capital Projects Fund has a total fund balance of \$115,576 all of which is restricted for the use of the specific Urban Renewal Plan.

The South Nevada Capital Projects Fund has a total fund balance of \$79,942 all of which is restricted for use of the specific Urban Renewal Plan.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED DECEMBER 31, 2021**

**General Fund Budgetary Highlights**

The Authority's total expenditures for 2021 are below the original budget amount by \$103,153. This favorable variance was primarily attributable to accounting, contract services, PR/advocacy costs and reimbursed expenditures on the different capital project areas.

**Long-Term Debt**

At the end of the current fiscal year, the Authority had total outstanding long-term obligations of \$110,106,475. The Authority's Series 2017 Tax Increment Revenue Bonds mature on September 1, 2027 and pay interest at the rate of 3.33% each March 1 and September 1, commencing September 1, 2017. Principal is payable annually on September 1, beginning on September 1, 2019. The Authority's Series 2018A Special Revenue Bonds mature on December 1, 2047 and pay interest at the rate of 5.75% on June 1 and December 1. The Authority's Series 2018B Subordinate Bonds were issued at the rate of 8.125% and payable annually on December 15, only to the extent of available Subordinate Pledged Revenue. The Authority's Series 2019 Tax Increment Revenue Bonds were issued at the rate of 3.30% and payable annually on February 1. The Authority's Series 2020 Refunding and Improvement Loan was issued at the rate of 2.05% and payable semi-annually on June 1 and December 1. The Authority also has the following loans under long-term debt:

- The Culebra Properties Limited Liability Company, Ivywild Neighborhood Loan, maturing June 30, 2028, bears an interest rate of 7.00% per annum until paid in full, payable quarterly on March 31, June 30, September 30, and December 31 of each calendar year.
- The Series 2020 Revenue Note issued for the Vineyard project area, maturing December 1, 2036, with interest rates of 3.250% and 3.368%, payable annually on December 1.

Additional information on the Authority's long-term debt can be found in Note 5.

**Next Year's Budgets**

The Authority has appropriated \$32,324,068 in all funds for spending in the 2022 fiscal year budget and anticipates that beginning fund balances, administration fees, incremental property taxes, incremental sales taxes, debt issuance proceeds, and reimbursed expenditures will be sufficient to cover these expenditures.

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay	18,326,731

Long-term debt (e.g., issuance of bonds, the receipt of Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

**DECEMBER 31, 2021**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

The Colorado Springs Urban Renewal Authority (Authority) was formed by resolution passed February 24, 1970, by the City Council of the City of Colorado Springs, Colorado (the City) pursuant to the Colorado Urban Renewal Law, Colorado Revised Statutes. The Authority currently has 14 outstanding project plans; they are identified as follows:

1. Southwest Downtown - The project area was approved in 2001 and will end in 2026.

**NOTE 1 DEFINITION OF REPORTING ENTITY (CONTINUED)**

13. Tejon and Costilla – The project area was approved in 2018. It is currently in an active redevelopment state.
14. True North Commons – The project area was approved 2019. There is currently no redevelopment activity.

The Authority follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Authority is considered a component unit of the City since the Authority's tax increment financing indicates financial accountability with the City, due to the benefits redevelopment will provide the City. The Mayor appoints the Authority board members and the City Council approves the appointment. City Council reviews the Urban Renewal Plans and any changes thereto. Legal counsel is in the opinion that under state statutes, the City is not liable with respect to the bonds issued by the Authority.

The Authority has no employees and all administrative functions are contracted.

The more significant accounting policies of the Authority are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the Authority. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the Authority. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are or will be incremental property tax and incremental sales and use taxes. All other revenue items are considered to be measurable and available only when cash is received by the Authority. Expenditures, other than long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The Authority reports the following major governmental funds:

The General Fund is the Authority's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The North Nevada Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the North Nevada urban renewal project area.

The Ivywild Neighborhood Debt Service Fund accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of the Ivywild Neighborhood urban renewal project area.

The Canyon Creek Debt Service Fund accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of the Canyon Creek project area.

The Vineyard Debt Service Fund accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of the Vineyard project area.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation  
(Continued)**

The Gold Hill Mesa Capital Projects Fund is used to account for financial resources to be used for the reimbursement, acquisition, and construction of public infrastructure in the Gold Hill Mesa urban renewal project area.

The Copper Ridge Capital Projects Fund is used to account for financial resources to be used for the reimbursement, acquisition, and construction of public infrastructure in the Copper Ridge urban renewal project area.

The City for Champions Capital Projects Fund is used to account for financial resources to be used for the reimbursement of costs related to the six project elements: U.S. Olympic Museum and Hall of Fame, CSEC Switchbacks Stadium, CSEC Hockey Arena, U.C.C.S. Sports Medicine and Performance Center, U.S. Air Force Academy Visitors Center and Flexible Sub-Account.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Authority's administrative function and various other functions of the Authority. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenue. Likewise, general revenues include all incremental taxes received by the Authority.

**Budgets**

In accordance with the State Budget Law, the Authority's Board of Commissioners holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The Authority's Board of Commissioners can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The Authority has amended its annual budget for the year ended December 31, 2021.

**Pooled Cash and Investments**

The Authority follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Interfund Balances**

The Authority reports interfund balances that are representative of lending/borrowing arrangements between funds in the fund financial statements as due to/from other funds (current portion of interfund loans) or advances to/from other funds (long-term portion of interfund loans). The interfund balances have been eliminated in the government-wide statement except for the residual balances between the governmental activities and business-type activities, which are reported as internal balances.

**Incremental Property Taxes**

The Authority receives incremental property tax revenue for each of the active Urban Renewal areas. Incremental property tax revenues are the property tax revenues in excess of an amount equal to the ad valorem property taxes produced by the levy at the rates fixed for such year by or for the governing bodies of the various taxing jurisdictions within or overlapping the Urban Renewal area upon a valuation for assessment equal to the property tax base amount. The property tax base amount is certified by the County Assessor as the valuation for assessment of all taxable property within the Urban Renewal area last certified by the County Assessor prior to the adoption of the Urban Renewal plan. The base amount may be proportionately adjusted for general reassessments in accordance with Colorado law.

Property taxes are levied by various taxing entities in each of the project areas by certification to the County Commissioners. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. Taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the incremental taxes collected monthly to the Authority.

Incremental property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The incremental property tax revenues are recorded as revenue in the year they are available or collected.

**Incremental Sales Tax**

On June 12, 2007, the Authority entered into a Cooperation Agreement with the City, allowing the Authority to receive incremental sales tax generated from the North Nevada project area from the City's general sales tax of 2%, in excess of the sales tax base amount of \$375,603. The base calculation period used by the City is calculated from December through November of each year. The term of the agreement is for 23 years and the aggregate incremental sales tax revenues available to the Authority shall not exceed \$98,800,000.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Incremental Sales Tax (Continued)**

On January 24, 2012, the Authority entered into a Cooperation Agreement with the City, allowing the Authority to receive incremental sales tax generated from the Ivywild Neighborhood project area from the City's general sales tax of 2%, in excess of the sales tax base amount of \$62,693. The term of the agreement is from January 24, 2012 through June 28, 2036.

On October 22, 2013, the Authority entered into a Cooperation Agreement with the City and Copper Ridge Metropolitan District, allowing the Authority to receive incremental sales tax generated from the Copper Ridge project area for a period of up to 25 years.

On February 27, 2019, the agreement was amended to extend the 25-year duration through 2044. Pursuant to the agreement, the Authority will receive from the City's general sales tax of 1%, in excess of the sales tax base amount of \$30,272. During 2019, the sales tax base amount changed to \$52,976.

On December 16, 2015, the Authority entered into a Cooperation Agreement with the City, allowing the Authority to receive incremental sales tax generated from the South Nevada project area from the City's general sales tax of 1.75% for the first five years after approval of the South Nevada Area Urban Renewal Project Plan (the Plan), in excess of the sales tax base amount of \$934,475, and 1.5% from 2020 through the remaining 20 years, in excess of the sales tax base amount of \$800,979. On November 23, 2021, the agreement was amended to increase the City's general sales tax to 2% and the sales tax base amount changed to \$1,067,972.

Pursuant to the Resolution by the Colorado Economic Development Commission Concerning the Allocation of State Sales Tax Increment Revenue for the Colorado Springs City for Champions Project, executed on November 25, 2013, the Authority is receiving a percentage of the state sales tax increment revenue that is dedicated to the City for Champions Project, subject to an aggregate cap of \$120,500,000. The portion of state sales tax revenue collected within the boundaries of the regional tourism zone in excess of the base year revenue multiplied by 13.08% is dedicated to the Authority. The base year revenue of \$169,503,178, is identified by the state sales tax revenue collected from taxable transactions occurring within the regional tourism zone during the twelve-month period beginning on December 1, 2012 and ended on November 30, 2013.

On December 11, 2018, the Authority entered into a Cooperation Agreement with the City, allowing the Authority to receive incremental sales and use tax generated from the Museum & Park project from the City's 2% of general fund sales and use tax, in excess of the sales tax base amount of \$50,310.41. The specified portion of the City's general fund sales tax, which is in excess of the base amount, is 87.5 % of the 2% general fund sales tax (or 1.75%). The specified portion of the City's general fund use tax, which is in excess of the base amount, will be 50% of the 2% general fund use tax (or 1.00%). Any pledge of the use tax increment is limited to the extent appropriated and actually made available to the Authority, but in no event for a period in excess of 25 years.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Incremental Sales Tax (Continued)**

On July 9, 2019, the Authority entered into a Cooperation Agreement with the City, allowing the Authority to receive incremental sales and use tax generated from the True North Commons project area from the City's 2% of general fund sales and use tax, in excess of the sales tax base amount. The specified portion of the City's general fund sales tax, which is in excess of the base amount, is 87.5 % of the 2% general fund sales tax (or 1.75%). The specified portion of the City's general fund use tax, which is in excess of the base amount, will be 50% of the 2% general fund use tax (or 1.00%). The sales tax base amount has not been determined. Any pledge of the use tax increment is limited to the extent appropriated and actually made available to the Authority, but in no event for a period in excess of 25 years.

**Capital Assets**

Capital assets, which include property, equipment and infrastructure assets (e.g. roads, sidewalks and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets component of the Authority's net position.

It is the policy of the City to accept maintenance responsibility for all major public infrastructure within the City upon the Authority's completion and conveyance of such improvements provided they meet the City's specifications.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

**Amortization**

In the government-wide financial statements, the loss on bond refunding is being amortized using the interest method over the life of the refunded bonds. The amortization amount is a component of interest expense and the unamortized deferred loss is reflected as a deferred outflow of resources.

**Deferred Inflow/Outflow of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The Authority has one item that qualifies for reporting in this category. Accordingly, the item, *loss on refunding*, is deferred and recognized as an outflow of resources in the period that the amount is incurred.

**COLORADO SPRINGS URBAN RENEWAL AUTHORITY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Inflow/Outflow of Resources (Continued)**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has one item that qualifies for reporting in this category. Accordingly, the item, *incremental property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

**Fund Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the Authority's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Commissioners. The constraint may be removed or changed only through formal action of the Board of Commissioners.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Commissioners to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.)

**Fund Equity (Continued)**

**Fund Balance (Continued)**

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the Authority’s practice to use the most restrictive classification first.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2021, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 633,651
Cash and Investments - Restricted	<u>23,885,005</u>
Total Cash and Investments	<u><u>\$ 24,518,656</u></u>

Cash and investments as of December 31, 2021, consist of the following:

Deposits with Financial Institutions	\$ 765,885
Investments	<u>23,752,771</u>
Total Cash and Investments	<u><u>\$ 24,518,656</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2021, the Authority’s cash deposits had a bank balance and a carrying balance of \$765,885.

**Investments**

The Authority has not adopted a formal investment policy; however, the Authority follows state statutes regarding investments.

The Authority generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the Authority is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Commissioners. Such actions are generally associated with debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

As of December 31, 2021, the Authority had the following investments:

**COLOTRUST**

The Authority invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the Authority records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

The proceeds from the sale of the Bonds will be used to: (i) finance certain costs associated with the redevelopment of property; (ii) fund capitalized interest for the 2018A Senior Bonds, (iii) fund the Senior Reserve Fund; and (iv) pay the costs of issuing the Bonds.

The 2018A Senior Bonds bear interest at the rate of 5.75% per annum payable semi-annually on June 1 and December 1, beginning on December 1, 2018. Unpaid interest on the 2018B Subordinate Bonds compounds annually on each December 15. In the event any amounts due and owing on the 2018B Subordinate Bonds remain outstanding on December 15, 2057, such amounts shall be extinguished and no longer be due and outstanding.

**Series 2018A Senior and Series 2018B Subordinate Special Revenue Bonds**  
**(Continued)**

The 2018A Senior Bonds are special, limited revenue obligations of the Authority, payable solely from the 2018A Senior Trust Estate, which is pledged and assigned pursuant to the 2018A Senior Indenture for the payment of the principal of and interest on the 2018A Senior Bonds.

The 2018A Senior Trust Estate consists of the Pledged Revenue, the Senior Bond Fund, the Senior Project Fund, the Senior Reserve Fund, the Senior Surplus Fund, and all other moneys, securities, revenues, receipts, and funds from time to time held by the Trustee under the terms of the 2018A Senior Indenture, other than the Senior Costs of Issuance Fund.

Pledged Revenue includes: (a) all Pledged Property Tax Increment Revenue; (b) all Pledge Agreement Revenue; and (c) any other legally available moneys which the Authority determines, in its sole discretion, to credit to the Senior Bond Fund.

The 2018B Subordinate Bonds are special, limited revenue obligations of the Authority, payable solely from the 2018B Subordinate Trust Estate, which is pledged and assigned pursuant to the 2018B Subordinate Indenture for the payment of the principal of and interest on the 2018B Subordinate Bonds.

The 2018B Subordinate Trust Estate consists of the Subordinate Pledged Revenue, the Subordinate Bond Fund, and the Subordinate Project Fund, and all other moneys, securities, revenues, receipts, and funds from time to time held by the Trustee under the terms of the 2018B Subordinate Indenture, other than the Subordinate Costs of Issuance Fund. The "Subordinate Pledged Revenue" is defined as all Pledged Revenue after payment of all payment obligations required under the 2018A Senior Indenture during each Fiscal Year, including without limitation any required funding of any Senior Surplus Fund.

The 2018A Senior Bonds are also secured by the Senior Reserve Fund in the Senior Reserve Fund Requirement Amount of \$639,324, and the Senior Surplus Fund. As funds were insufficient to pay interest due on the 2018A Senior Bonds, the Authority has drawn down on the Senior Reserve Fund. The balance in the Senior Reserve Fund at December 31, 2021, was \$183,298.

Pledged Revenue that is not needed to pay debt service on the 2018A Senior Bonds in any year will be deposited to and held in the Senior Surplus Fund, up to the Maximum Surplus Amount of \$732,500. Amounts on deposit in the Senior Surplus Fund on the maturity date of the 2018A Senior Bonds shall be applied to the payment of the 2018A Senior Bonds on such date.

The Developer has been selected by the United States Air Force Academy (USAFA) as the developer of the USAFA Visitor's Center project (one of the project elements as defined in the EDC Resolution No. 3). **NOTE 10 TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

In 2002, the Colorado Court of Appeals determined that TABOR does not apply to urban renewal authorities such as the Authority. The application of TABOR to the City, however, could impact the amount of Sales Tax Revenues received by the Authority, and the application of TABOR to the School District and other local governments which overlap the Urban Renewal Area could impact the amount of Property Tax Revenues received by the Authority.
