B. The Dedicated Revenue will be paid to a Special Fund established by the Financing Entity for the purpose of financing the Project.

C. The Financing Entity will be responsible for administering the Special Fund to pay for Eligible Costs associated with the Project and reporting to the Commission pursuant to the Resolution.

Section 3. Duties of the Financing Entity.

A. General. The Financing Entity shall serve as the “Financing Entity” for the Project as defined in the Act and designated by the Commission, and, in addition to the other powers and duties required to finance the Project, shall be responsible for receiving, depositing,

and distributing the Dedicated Revenue in accordance with the Resolution and this Agreement. The Financing Entity shall create procedures for carrying out its duties under the Resolution and this Agreement. The Financing Entity shall prepare a procedure for documenting, certifying, and paying Eligible Costs in accordance with the Act, the Resolution and this Agreement. In furtherance thereof, the USOM shall document, certify and submit to the Financing Entity all Eligible Costs for which the USOM seeks reimbursement under the Act.

B. Special Fund.

i. The Financing Entity shall establish the Special Fund required by the Act, and upon receipt thereof, shall deposit in the Special Fund all of the Dedicated Revenue received by the Financing Entity from the Department as authorized by the Act. The Financing Entity shall segregate any Dedicated Revenue from other moneys of the Financing Entity, if any, and shall utilize such Dedicated Revenue solely to pay for or finance Eligible Costs incurred for the purpose of constructing the Eligible Improvements and implementing the Project. The Financing Entity may not use Dedicated Revenue to pay for or finance the construction of Ineligible Improvements. The Special Fund may be used, without limitation except as provided herein, to pay the principal of, the interest on, and any premiums due in connection with the Bonds of, loans or advances to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, the Financing Entity for financing or refinancing in whole or in part, the Project. The Dedicated Revenue deposited in the Special Fund, when and as received by the Financing Entity, shall be subject to the lien of such pledge by the Financing Entity, without physical delivery, filing, or other act. The Financing Entity shall transfer the amounts in the Special Fund either directly to the Project Element Sponsor(s), directly to the lender, directly to the Bond Trustee identified in the Bond Documents at the times specified in the Bond Documents, directly to the Developer(s) if required by the terms of any contract between a Project Element Sponsor and Developer, or to a separate administrative account it maintains to pay for Eligible Costs incurred by the Financing Entity for implementing the Project after the Effective Date of the Resolution, such as costs for accounting, legal services, and overhead or administrative staffing, as and when incurred.

ii. Once deposited into the Special Fund, the Dedicated Revenue, net of any money transferred to the Financing Entity's administrative account, must be further sub-divided by the Financing Entity into five Sub-Accounts based on the percentages set by the MEAPs. The Financing Entity will establish a Sub-Account relating to the Museum (the "USOM Sub-Account") and allocate forty-two percent (42%) of the Dedicated Revenue indicated to such Sub-Account.

iii. The Financing Entity must only use Dedicated Revenue in the USOM Sub-Account to pay for Eligible Costs for the Museum and cannot loan or transfer Dedicated Revenue between the USOM Sub-Account and any other Sub-Account. The Southwest Colorado Springs Downtown Infrastructure shall be considered an Eligible Cost associated with the Museum and Colorado Sports and Event Center for purposes of making payments out of the Sub-Accounts associated with those Project Elements subject to the terms of the Resolution.

C. Certification of Eligible Costs.

i. Prior to and as a condition precedent to paying or reimbursing any Project Element Sponsor, Developer, or lender for any Eligible Costs with Dedicated Revenue or Bond proceeds, the Financing Entity must obtain a certification from an independent engineer engaged

by the Financing Entity for hard and soft construction-related costs stating that such construction-related costs are reasonable and comparable for similar projects. Before initiating construction of each Project Element, and on an annual basis thereafter, the independent engineer must certify that the proposed design plans and on-going construction for each Project Element are in accordance with Section 5(B) and Exhibit B to the Resolution. Nothing in this subsection shall be construed to preclude the design engineer for any portion of the Project from serving as the independent engineer referred to in this Subsection.

ii. Prior to and as a condition precedent to paying or reimbursing any Project Element Sponsor, Developer or lender for any Eligible Costs with Dedicated Revenue or Bond proceeds, the Financing Entity must obtain a certification from an independent certified public accountant that all costs are Eligible Costs based on copies of the invoices, bills, and requests for payment provided to the Financing Entity and in accordance with the Resolution and the Act. As part of this certification, the independent certified public accountant (“CPA”) shall confirm that funds from the Sub-Accounts and Proceed Accounts tied to specific Project Elements are only used to pay for or reimburse expenses for their specific Project Elements. Similarly, as part of this certification, if funds being used for reimbursement of Eligible Costs are from the proceeds of a Bond, the independent CPA shall confirm that the division of Bond proceeds, net of eligible administrative costs, among the Project Elements’ Eligible Costs complies with the requirements of Section 6(C) of this Agreement. The Financing Entity shall prepare a procedure for documenting, certifying, and paying Eligible Costs. The USOM shall document, certify and submit to the Financing Entity all Eligible Costs for which the USOM seeks reimbursement under the Act.

iii. Prior to and as a condition precedent to paying or reimbursing any Project Element Sponsor, Developer or lender for any Eligible Costs with Dedicated Revenue or Bond proceeds, the Financing Entity must ensure that all service providers or contractors employed by the Developer were selected in accordance with all applicable federal, state, and/or local procurement laws. Upon request of the Financing Entity, the USOM shall, or shall cause the Developer of the Museum to, provide a certificate that all service providers or contractors employed by the USOM or the Developer were selected in accordance with all applicable federal, state, and/or local procurement laws, or, in the alternative, that federal, state and/or local procurement laws are not applicable to the USOM.

iv. Prior to and as a condition precedent to paying or reimbursing any Project Element Sponsor, Developer or lender with Dedicated Revenue or from Bond proceeds for interest or other financing cost qualifying as Eligible Costs, the Financing Entity shall obtain and forward to OEDIT a certification from an External Financial Advisor that the interest rate or financing costs are reasonable in light of market conditions, the term and structure of the financial instrument, and any other factors deemed applicable by that advisor.

v. In connection with the foregoing, the USOM shall provide, or cause to be provided, such other documentation as the Financing Entity may reasonably request in connection with any disbursement, which may include, without limitation: a certification of acceptance from any public agency to which any infrastructure elements to be constructed by the USOM will be transferred, including but not limited to the City of Colorado Springs, Colorado Springs Utilities and the State of Colorado; and lien releases or other evidence that the contractors and vendors performing the work have been compensated for the work for which the partial payment is being requested.

Section 4. Design, Construction, Ownership and Maintenance of the Museum.

A. General. USIOM shall serve as the Developer of the Museum or designate the Developer of the Museum. The USOM will be responsible for the design, construction, ownership and maintenance of the Museum. The USOM will be responsible to ensure the Commencement of Substantial Work with regard to the Museum occurs in accordance with the Resolution. If the Commencement of Substantial Work condition is not met for the Museum, and the date by which the Commencement of Substantial Work must occur has not been extended by the Commission under C.R.S. § 24-46-309(2), then the approval for the Museum will be revoked and the Department shall reduce the amount of Dedicated Revenue transferred to the Special Fund each month by the MEAP for the Museum plus 16 percent for the flexible Sub-Account (total reduction: 58%). In such event, any Dedicated Revenue in the Sub-Account associated with the Museum that has been transferred to the Special Fund but has not been expended, plus any investment income earned thereon, shall be refunded to the State Treasurer.

B. Specific Conditions. The USOM agrees to comply with the following terms and conditions:

(i) As required by Section 5(B) of the Resolution, the Museum must satisfy the approximate and minimum size requirements listed in Exhibit B to the Resolution, and must include all of the required components listed in Exhibit B to the Resolution. Before deviating from the approximate size requirements listed in Exhibit B to the Resolution by more than 20%, the USOM must first obtain express approval from the Commission. Before omitting any of the required components listed in Exhibit B to the Resolution, the USOM must first obtain express approval from the Commission. The USOM acknowledges that if the USOM fails to obtain preapproval as required by Section 5(B) of the Resolution, then the Commission may modify its approval of the Museum per the terms of Section 5(L) of the Resolution.

(ii) As required by Section 5(F) of the Resolution, before Dedicated Revenue may be used to pay for the Eligible Costs of the Museum, before any Bonds may be issued or incurred to finance the Museum, and except as provided in Section 5(L) of the Resolution, for so long as Dedicated Revenue is received for the Museum, the USOM must obtain and maintain a long-term license or other written agreement with the United States Olympic Committee (“U.S.O.C.”) for the use of the Olympic name, trademarks, symbols and logos, and the exclusive right to operate the Official U.S. Olympic Museum and Hall of Fame within the United States. The term of the license or other agreement with the U.S.O.C. must be at least 30 years. Additionally, the USOM must sign an agreement with the U.S.O.C. for coordinating exhibits, events between the facilities, and sharing memorabilia. The USOM must perform a feasibility assessment for operating a shuttle service between the Museum and the U.S. Olympic Training Center for the convenience of their joint visitors. The USOM shall report the results of its study and its decision regarding implementation of the service to the Commission within two years of opening. The agreement between the USOM and the U.S.O.C. shall provide for the parties to develop and create mutually beneficial co-promotions and collaborative marketing efforts between the U.S. Olympic Training Center and the Museum with a goal of enhancing visitor-ship to both properties while avoiding conflict and minimizing cannibalization between the two. The Applicant, Financing Entity, or USOM must certify to the Commission that the USOM has entered into an agreement with the

U.S.O.C which meets the requirements of Section 5(F) of the Resolution. The Parties acknowledge and agree that, as of the Effective Date of the Resolution, the Director or the Director's designee has reviewed a signed agreement and the USOM has certified that the agreement meets the requirements of Section 5(F) of the Resolution.

(iii) As required by Section 5(G) of the Resolution, the U.S. Olympic Museum Complex must be designed to include the U.S. Olympic Hall of Fame, which in turn must include the Summer Olympics, Winter Olympics, and Para-Olympics within the Hall exhibits. The U.S. Olympic Museum Complex must have an "iconic" design and architecture, and be a "World Class Facility" with "State of the Art" technology. Before any Dedicated Revenue may be used to pay for the Eligible Costs of the Museum, and before any Bonds may be issued or incurred to finance Museum, the Museum architect and the USOM must certify in writing to the Commission that all of the design elements required by Section 5(G) of the Resolution have been included in the Museum design plans.

(iv) As required by Section 5(K) of the Resolution, of the MEAPs dedicated to the Museum and the Colorado Sports & Event Center (totaling 65% of the Dedicated Revenue), up to 25% of the Dedicated Revenue from either one or both of the Project Elements may be utilized for Eligible Improvements to the Southwest Colorado Springs Downtown Infrastructure. As part of placing in service the Museum and the Sports and Event Center, the required Eligible Southwest Colorado Springs Downtown Infrastructure Improvements as shown in Exhibit B to the Resolution, must be completed. The Final Completion Date requirement for the Museum and the Colorado Sports and Event Center will not be satisfied until these required infrastructure Eligible Improvements have been completed. The USOM will cooperate with the Applicant, the Financing Entity, the Project Element Sponsor of the Colorado Sports and Event Center, and their respective employees, agents and representatives as may be reasonably necessary to facilitate the design and construction of the required Eligible Southwest Colorado Springs Downtown Infrastructure Improvements by the Final Completion Date.

C. Final Completion Date. The USOM shall be responsible to ensure that the Museum is fully completed and placed in service on or before the Final Completion Date. If the Final Completion Date condition is not met for the Museum, then the Commission may modify its approval of the Museum in accordance with Section 5(L) of the Resolution. If the Museum has not been placed in service by the Final Completion Date, the Department's payments of future Dedicated Revenue shall be modified by reducing the MEAP for the remainder of the Financing Term. However, if the Financing Entity has pledged some or all of the Dedicated Revenue to a Bond issuance or other similar debt instrument, and some of the Dedicated Revenue pledged to the Bond issuance comes from a Sub-Account associated with the Museum, then Dedicated Revenue that was pledged to the Bond issuance shall be reduced as described in Section 5(L) of the Resolution, and the Financing Entity must execute an extraordinary mandatory redemption to Bond holders as set forth therein.

Section 5. Reports and Meetings. The USOM acknowledges that the Financing Entity has numerous reporting and meeting requirements under the Resolution. The USOM agrees to collect and remit to the Financing Entity all information regarding the Museum required to comply with the reporting requirements in Section 6 of the Resolution. The Financing Entity may from time to time develop or modify reasonable procedures for submitting

reports or gathering information. The USOM shall comply with such procedures. If requested by the Financing Entity, the Director, the Commission or the Applicant, the USOM agrees to send a representative or representatives to meetings with the Commission or the Director, as applicable. The USOM shall attest to the accuracy of the information in the any and all reports that it is required to provide hereunder to the best of its knowledge. If any information provided in a report required by this Section 5 or by other state law contains trade secrets, proprietary information, or is otherwise entitled to protection under Article 72 of Title 24, C.R.S., it shall be so designated by the USOM and the Financing Entity shall, and shall request the Commission to, make reasonable efforts to keep any designated information confidential to the extent permitted by Article 72 of Title 24, C.R.S.

Section 6. Bonds.

A. Authority to Issue Bonds. In full or partial reliance on the Dedicated Revenue paid into the Special Fund, the Financing Entity may issue Bonds from time to time, in its discretion, to finance any Eligible Improvement with respect to the Project and may also issue refunding or other Bonds of the Financing Entity from time to time in its discretion for the payment, retirement, renewal or extension of any Bonds previously issued by the Financing Entity pursuant to C.R.S. § 24-46-304(2)(h) and the Public Securities Refunding Act, C.R.S. §§ 11-56-101, *et seq.* Prior to issuing any Bonds in reliance on any Dedicated Revenue from the Sub-Account for the Museum, the Financing Entity will obtain the prior written consent of the USOM, which consent shall not be unreasonably withheld, conditioned or delayed. Further, the Financing Entity shall provide written notification of any consolidation and/or refinancing details by certified mail to the Commission and the Department at least 30 calendar days prior to such consolidation and/or refinancing being effective in order for the Financing Term to be extended pursuant to C.R.S. § 24-46-304(2)(h) and Section 1(V) of the Resolution.

B. Interest. The Bonds shall be issued in accordance with the Resolution, the Bond Documents and applicable law. Upon issuance of the Bonds, the Financing Entity shall deliver copies of all final Bond Documents to the Applicant and the Commission, together with an opinion of the Financing Entity's bond counsel that the final Bond Documents are in conformity with the Resolution. To the extent that any Bonds are placed privately to finance part or all of any Project Element, including, without limitation, the placement of any Bonds issued or incurred to evidence Advances, then before the issuance or incurrence of such privately placed Bonds the Financing Entity shall obtain the certification of an External Financial Advisor as required by the Resolution. Privately placed Bonds may only be issued, and interest may begin accruing on the Bonds, after the Commission has received the bond counsel opinion and certification of the External Financial Advisor required by the Resolution.

C. Dedicated Revenue in Sub-Accounts Pledged to Bonds. As part of the issuance or incurrence of any Bonds, the Financing Entity must determine which of the five Sub-Accounts are pledging Dedicated Revenue and the respective amount pledged from each Sub-Account to the Bonds. The proceeds of a specific Bond issuance or incurrence must be utilized to pay for only the Eligible Costs of the Project Element with the Sub-Account that pledged Dedicated Revenue to the Bond. As such, the Financing Entity shall divide all Bond proceeds into separate Project Element-specific Proceed Accounts (these Proceed Accounts must be accounted for separately from the Sub-Accounts that receive Dedicated Revenue). If Dedicated Revenue for multiple Project Elements is used for repayment and collateral, then Bond proceeds shall be classified into separate Proceed Accounts in proportion to the Dedicated Revenue pledged from

each Project Element's Sub-Account. Prior to any Bond issuance or incurrence, the Financing Entity must notify the Director or Director's designee about which Sub-Account(s) is (are) pledging Dedicated Revenue to the Bond issuance or incurrence, and the amount of the pledge(s). Before any Bond issuance or incurrence may occur, the Commission must approve in writing the plan for the division of the Bond proceeds between or among those Project Elements that have pledged Dedicated Revenue to the Bond. Dedicated Revenue may not be pledged to repay any financial obligation other than Bonds.

The USOM and the Financing Entity agree to cooperate with as necessary and reasonable to satisfy such terms and conditions.

Section 7. Duties of the USOM. To the extent not otherwise addressed in this Agreement, the USOM agrees to satisfy all of the terms and conditions set forth in the Resolution to be satisfied as the Project Element Sponsor of the Museum, unless such terms and conditions are expressly modified or clarified by the Commission.
